WAR UPON PAIN!

Pain is a visitor to every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H. Soister, Berkeley, Cal., writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise, next morning the stiffness had almost disappeared, four hours after the second application I was as good as new." March, 1915. CO-OPERATIVE COMPANY

Perrysburg Grain and Seed Company Have Big Meeting.

It was a big meeting on Saturday of farmers and others interested in the organization of the Perrysburg Grain and Seed Company, and much enthusiasm was shown by those who were present.

Many additional purchasers of stock came in and there was manifested to a remarkable degree a feeling of harmony and determination to make the new company a good thing for everybody interested as well as the farming community in general.

The company has contracted with Mr. Charles L. Maddy to take general management of the business of both the Perrysburg and Lime City elevators with Mr. C. F. Rider in charge of the Lime City house.

This assures the grain producers, as well as the stockholders, of prompt and dealing and will be a big boost to the business from every side.

For the present Mr. Maddy will continue in the feed and coal business until a convenient time for the new company to take over these branches of the business.

The new company starts in the business under most favorable conditions and the splendid class of men who are taking stock, as well as the capable officers of the company, together with the efficient management, gives promise of a successful company.

CASE SET FOR HEARING

Prominent Citizen to Be Tried for Stealing Rooster.

Mrs. Mariah Jones, who lives not far from town, owned a valuable pure-bred Plymouth Rock rooster, the pet of her flock of chickens, but when Mrs. Jones failed to hear his welcome call at daybreak recently, she hustled out to learn the cause and discovered her pet was missing.

She made inquiry and learned that the day previous a certain dignified gentleman of Perrysburg had driven past her place and had stopped to admire the bird. A little detective work soon located the barnyard favorite in the possession of the aforesaid dignified gentleman, and upon this incident hangs the tale that will be threshed out in a special session of court, which will occur at the town hall on Tuesday evening, February 22, 1916, and everybody is invited to attend and hear the trial.

G. B. Lowinsbury will represent Mrs. Jones as complainant. The event will be known as the "Mock Trial, or Who Stole the Rooster?" and will be given by the Perrysburg Civic Association, a large number of the members appearing in the cast.

The story is written by Col. Taylor and has been presented in hundreds of towns throughout the United States, and was given in Bowling Green a few years ago with court house attaches and leading attorneys and citizens taking part.

Col. Taylor will be here to conduct the prosecution, while Capt. Greenhalgh will act as attorney for the defense.

Mr. Thomas M. Franey is accused of the "T-u-r-r-i-b-l-e" crime and Capt. Greenhalgh will

The Boy Scout service of last Sunday evening was one of the most worth while hours of the year. The group of boy and girl scouts present gave earnest attention throughout, and the older people had their eyes opened to the importance of the organization as well as to the wide range of practical training required of a scout. Mr. Frederick C. Averill of the Scout Council spoke of the requirements of a tenderfoot and of his interesting experience as an examiner. Scout Sprague recited the Scout oath and law and gave the history of the American flag which every scout must know. Local Scout Master Prof. R. L. Cole in his address gave many instructive facts about the movement in general and urged the hearty support of the community. All showed that the local troop, No. 4, is progressing splendidly under wise leadership.

The Christian Endeavor Society will give a Washington Social. Continued on 8th page.

NEW SCHOOL HOUSE.

To the Voters of Perrysburg School District:

In the near future there will be submitted for your consideration a bond issue for the purpose of erecting an addition to our school building. About one year ago this question was submitted to you and was defeated, partly because of false stories in regard to certain equipment, and partly because it was not known that the election was to be held. At this time we want every one to know exactly what he is voting for. Every person in the district knows that we need more school room, that our building is overcrowded and for several years it has been necessary to hold school at other places than our own building. This is a condition which we all deplore, but which we are unable to remedy with our present building. Perrysburg has a larger tax valuation than any village in Wood county and we will be able to get enough money to run the schools very easily. Our school is no worse off than practically every school in the state in this regard, but the question of getting more money for school purposes will be taken up by the legislature very soon. It is possible to vote money to build a new school, but it cannot be voted to run them. Every parent owes their children an education and should provide them with it. If Perrysburg gets the addition we will be able to have an A grade high school and a graduate from it will be able to enter such universities as Michigan without further examination, which would be something to be proud of. Perrysburg is one of the prettiest villages on the
